## *I Never Saw Your Wings*

How is it that I never saw your wings when you were here with me?

When you closed your eyes and soared to the Heavens

I could hear the faint flitter of your wings as you left.

Your body no longer on this side

Your spirit here eternally I see your halo shine.

I close my eyes and see the multi-coloured wings surround me

in my saddest moments and my happiest times.

Sister my angel God has given you your assignment

always my sister forever my angel.

You fly into my dreams and when I am asleep

I feel your wings brush against my face wiping away the tears I shed

since I can no longer hold you in my arms but in my heart.

You earned those wings dear sister

and you will always be my angel eternal.
