

Timothy John McAloon, age 59, of Huron, passed away on Tuesday January 7, 2025 at Sanford USD Medical Center with his daughters at his side.

Tim was born April 11, 1965 to John and Grace McAloon in Huron, SD. He grew up in Huron alongside his older brother Todd McAloon, and shared a childhood of riding mini bikes around town or playing Football in the vacant lot across the street from their childhood home, when they weren't setting up new courses and racing Hot Wheels cars back at the house. From his childhood and time at Madison Elementary to graduation from Huron High School in 1983 and his nearly 40-year career at NorthWestern Energy, Tim built bonds that followed him throughout his entire life.

While he preferred a tight-knit group over a large crowd, Tim cared for his close friends deeply and would go above and beyond for any friend in need. His heart of gold, warm and sentimental spirit, and quietly-goofy personality left a lasting impact on all who knew him, and his presence in our lives will be deeply missed.

Tim expressed so much of who he was through his interests, and how he shared those hobbies with those around him, whether that be quoting Sci-Fi shows in silly voices, sneaking your favorite album on the jukebox to cheer you up, or texting about memories or musings about Pink Floyd songs at 2:00 AM. Food was a huge part of Tim's life and how he shared his love with friends and family. For years upon years, he would help prepare and serve Reubens for his friends every St. Patrick's Day, and he often found joy in trying out a new recipe or developing a new spin on an existing favorite meal and sharing his creations, and always made sure the family recipes made an appearance at any gathering.

As with his talent for cooking, Tim had a knack for computers and was lucky to discover an early aptitude in technology. That skill could be seen through both his education at Lake Area Tech and his career of nearly 38 years at Northwestern Energy, as well as in his personal life. For decades, Tim's kitchen table played host to computer parts and tools while he'd repair or build computers for friends, family, or fun. He loved to share his interests with those in his life too, having taught his eldest daughter to understand the basics of coding languages and having helped teach his youngest daughter to drive manual cars and inspire her to adopt his '69 Camaro project later in her own life.

Tim is survived by his daughters Nicole McAloon of Sioux Falls, SD, and Alissa McAloon and her partner Robert Russell of Sioux Falls, SD, brother Todd McAloon and his wife Shelly McAloon of Eden Prairie, MN and nieces and nephews Laura (Dillion) Todd, Michael (Adri) McAloon, and Crystal (Don) Overby. He was preceded in death by his father John McAloon and mother Grace McAloon. Tim's absence will be felt deeply by his family, friends, and all who had the pleasure of knowing him.

## IN MEMORY OF

# Timothy McAloon
