

FOR MY SISTER

Today I do not say goodbye, because goodbye would mean an ending
Instead I say thank you – for the life you lived
For the love you gave, for the pieces of you that live on in me

You were my sister, but also my teacher, my mirror, my strength when mine
ran low

You taught me how to love deeply, how to show up when it's hard
How to keep going even when the road feels unfair

Though your body rests now, your spirit does not leave us
It lives in every memory, every laugh we shared, every quiet moment where I
still feel you near

I will hear you in the silence, I will see you in the signs
I will carry you forward in the way I love, in the way I heal, in the way I live.
So today, sister...I release you with love, not fear
I trust that you are at peace, free from pain, wrapped in light

And until we meet again, walk with me, guide me, rest knowing you were
deeply loved...and will always be.
