Waiting in the Light

***When you wake up tomorrow
And grief takes your breath away
Know that I watch over you
And walk with you every day***

***Though unseen, I stay close
We're never far apart
The love we shared gives testament
To all that's in your heart***

***I see you struggle now
To hold your head up high
I'm proud of you because I know
How very hard you try***

***I wish that I could hold you close
And ease the pain you feel
I want so much to talk to you
And promise that you'll heal***

***One day you will see me again
Once more with in your sight
I'll be right here to walk with you
I'm waiting in the light.***
