

### HAND IN HAND

We walked through life hand in hand.  
I left and you don't understand.  
I left my love surrounding you,  
It is still precious and true.  
Memories meant for you to embrace,  
Leaving my love's trace.  
My work was done, I heard God's voice,  
I knew I must make a choice.  
I knew our time was different now,  
I knew you couldn't go somehow.  
All at once I began to remember,  
We'd built a family together.  
They'd be there to comfort you,  
Loving you until your days were through.  
Then my heart knew I was right,  
I had to follow the eternal light.  
I've just gone home to wait for you,  
Until you've finished your work too.  
Don't waste your time grieving me,  
Do what you can to be happy.  
Someday you'll know my words were true,  
When God's voice calls on you.  
You'll find me waiting at heaven's gate,  
So don't tarry too long, don't be late.  
When the Angels take your hand,  
To bring you to the Promised Land.  
You and I will be together,  
Walking hand in hand forever!
